

To help us assess the material needs for your project please submit a drawing. You can fax us your submission, scan & email us your submission or take a picture & email your submission.

Be sure to include in your drawing...

1. All widths, heights, distance between existing posts & length of walls
2. Indicate all existing posts that are being incorporated in the installation
3. Tell us if you are not including any existing posts in the installation.
4. If not using existing posts, it may be useful to indicate how far inside or outside of the existing posts the screen wall is being installed
5. Be sure to let us know if the screen walls are being installed inside existing hand-railings.
6. Whether you want a kickplate or not (available in 18" or 24" high)
7. Door placements and distance from wall or post if applicable
8. Frame color (available in white, clay, black or bronze)

- Standard 18x16 mesh fiberglass screening is supplied. Let us know if you need another type of screening
- We generally supply the doors and screening for you, however if you wish to supply your own door or screening, just let us know.
- Your quotation will include the delivered cost for your materials, a quick outline of the materials you will be receiving and an overhead view of where to place the verticals in your application.

Request for Quotation Porch Screening Material

Important: Throughout the spring and summer seasons our we do quote submissions on a first come first serve basis and work hard to do them right the first time. We believe in honoring our commitment to each customer that requests a quotation, therefore we can not consider demands for immediate quotations. We will generally be able turn quotations in about 24-36 hours. During peak season we will require up to 3 days to do a quotation.

Please fill out the following information from an 'outside looking in' perspective.
Fill out **ONLY** the scenario below that applies.

Left Hand Side Wall

Scenario 1:

Single Opening between Wall and Corner Post

Width ft. in.

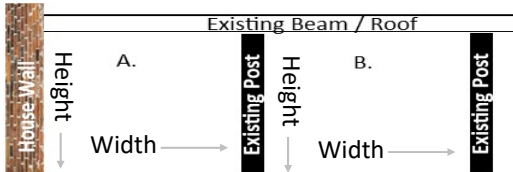

Height ft. in.

Door Placement: ft. in.

How far from the house wall would you like it to be?
'0' = at the house wall

Scenario 2:

Two Openings between Wall and Corner Post

Opening A: Width ft. in., Height ft. in.

Opening B: Width ft. in., Height ft. in.

Opening A

Width ft. in.

Height ft. in.

Opening B

Width ft. in.

Height ft. in.

Door Placement:

Opening A

ft. in.

Opening B

ft. in.

How far from the house wall or first post, would you like it to be?
0 = at the house wall | 0 = at first post

Notes:

Right Hand Side Wall

Scenario 1:

Single Opening between Wall and Corner Post

Width ft. in.

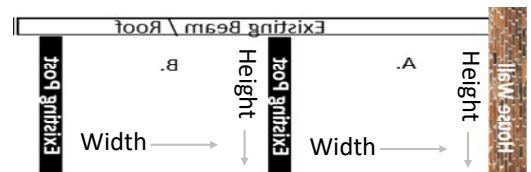

Height ft. in.

Door Placement: ft. in.

How far from the house wall would you like it to be?
'0' = at the house wall

Scenario 2:

Two Openings between Wall and Corner Post

Opening A: Width ft. in., Height ft. in.

Opening B: Width ft. in., Height ft. in.

Opening A

Width ft. in.

Height ft. in.

Opening B

Width ft. in.

Height ft. in.

Door Placement:

Opening A

ft. in.

Opening B

ft. in.

How far from the house wall or first post, would you like it to be?
0 = at the house wall | 0 = at first post

Please fill out the following information from an **'outside looking in'** perspective.
Fill out **ONLY** the scenario below that applies.

Front Wall

Scenario 1:

Single Opening between Corner Posts

Existing Beam / Roof	
Existing Post Height ↓	Width →
	Height ↓

Door Placement: ft. in.

How far from the house wall would you like it to be?
'0' = at the house wall

Scenario 2:

Two Openings between Corner Posts

Existing Beam / Roof	
Existing Post Height ↓	A. Width →
	B. Height ↓

Opening A

Width	ft. in.
Height	ft. in.

Opening B

Width	ft. in.
Height	ft. in.

Door Placement:

Opening A

ft. in.

Opening B

ft. in.

How far from the **house wall** or **first post**, would you like it to be?
0 = at the house wall | 0 = at first post

Scenario 3:

3-4 Openings between Corner Posts | *If you only have 3 openings then ignore section C

Existing Beam / Roof	
Existing Post Height ↓	A. Width →
	B. Height ↓

Door Placement: In each section, how far from the left hand post would you like it to be?
0 = at the post in each section

Opening A

ft. in.

Opening B

ft. in.

Opening C

ft. in.

Opening D

ft. in.
